User Testing for paper prototype

- Explanations for the task need to be given proper and clear pictures so that the user can follow along.
- User stated that if there the tutorial only gives descriptions instead of step-wise picture tutorial, it will be hard to follow along.
- The user could complete the task and follow along through the paper prototype.
- The navigation was critiqued positively by the user as it follows an easy to use app template.
- Furthermore they also commented that even though I did include cultural • through it and just look through the steps, tutorial video, and Inspos.

significance and popularization of the French braid, they would probably not go

User Testing for Figma prototype https://www.figma.com/file/WycBPOqil7ynVL0L1uLUgk/Wireframes?type=design&node-

https://www.figma.com/file/WycBPOqil7ynVL0L1uLUgk/Wire id=2%3A16&mode=design&t=lkTJaEl3dB2Y7RF0-1

- The participant was able to easily navigate through the interface.
- While trying to follow along the instructions, they did say that once the pictures will be added it would be more clearer.
- The user stated that when adding the video its best to add a quick and short, but clear tutorial video so as to not wast time of the user.
